

## according to Regulation (EC) No 1907/2006

Castorit-super C, mixing liquid				
Revision date: 23.01.2024	Product code: 106	5-702 F	Page 1 of	
SECTION 1: Identification of t	he substance/mixture and of the co	ompany/undertaking		
1.1. Product identifier				
Castorit-super C, mixing lic	luid			
Further trade names Article No.: 106-702-00, 10	06-703-00, 106-704-00			
1.2. Relevant identified uses of t	<u>he substance or mixture and uses advi</u>	sed against		
Use of the substance/mixture	•			
Health services.				
1.3. Details of the supplier of the	safety data sheet			
Company name:	DENTAURUM GmbH & Co. KG			
Street:	Turnstr. 31			
Place:	D-75228 Ispringen			
Telephone:	+49 7231 803 0	Telefax: +49 7231 803 295		
e-mail:	info@dentaurum.de			
Contact person:	Chemie			
Internet:	www.dentaurum.com			
1.4. Emergency telephone	ergency telephone +497231803-184 7:00-16:15 (Mo-Do) 7:00-13:15 (Fr)			
	+497231803-184 7:00-16:15 (Mo- +497231803-0 16:15-18:00 (Mo-E	, , , ,		

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

#### Regulation (EC) No 1272/2008

This mixture is not classified as hazardous in accordance with Regulation (EC) No 1272/2008.

## 2.2. Label elements

#### 2.3. Other hazards

No risks worthy of mention.

## **SECTION 3: Composition/information on ingredients**

### 3.2. Mixtures

#### **Chemical characterization**

Water. (CAS No. 7732-18-5) . (CAS No. 7631-86-9)

#### Hazardous components

none (according to Regulation (EC) No 1907/2006 (REACH))

#### **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

#### **General information**

No special measures are necessary.

## After inhalation

Provide fresh air.

## After contact with skin

After contact with skin, wash immediately with: Water.

## After contact with eyes

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids

according to Regulation (EC) No 1907/2006

## Castorit-super C, mixing liquid

Revision date: 23.01.2024

Product code: 106-702

Page 2 of 7

apart and consult an ophthalmologist.

#### <u>4.2. Most important symptoms and effects, both acute and delayed</u> No information available.

#### **<u>4.3. Indication of any immediate medical attention and special treatment needed</u> Treat symptomatically.**

meat symptomatically.

## **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

## Suitable extinguishing media

The product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings.

### 5.2. Special hazards arising from the substance or mixture

No risks worthy of mention.

### **SECTION 6: Accidental release measures**

### 6.1. Personal precautions, protective equipment and emergency procedures

## General advice

No risks worthy of mention.

#### 6.2. Environmental precautions

No special measures are necessary.

#### 6.3. Methods and material for containment and cleaning up

#### Other information

Wipe up with absorbent material (eg. cloth, fleece).

#### 6.4. Reference to other sections

Use personal protection equipment.

### **SECTION 7: Handling and storage**

#### 7.1. Precautions for safe handling

#### Advice on safe handling

No special measures are necessary.

#### Advice on protection against fire and explosion

Usual measures for fire prevention.

## 7.2. Conditions for safe storage, including any incompatibilities

#### Requirements for storage rooms and vessels

Store in a well-ventilated place. Keep container tightly closed.

## Hints on joint storage

none

## Further information on storage conditions

Protect against: Frost

## 7.3. Specific end use(s)

Health services.

## **SECTION 8: Exposure controls/personal protection**

#### 8.1. Control parameters

#### 8.2. Exposure controls

#### Appropriate engineering controls

Local exhaust ventilation

according to Regulation (EC) No 1907/2006

## Castorit-super C, mixing liquid

Revision date: 23.01.2024

Product code: 106-702

Page 3 of 7

#### Individual protection measures, such as personal protective equipment

## Hand protection

rubber gloves.

When handling with chemical substances, protective gloves must be worn with the CE-label including the four control digits. The quality of the protective gloves resistant to chemicals must be chosen as a function of the specific working place concentration and quantity of hazardous substances. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

#### Skin protection

Protective clothing.

## **Respiratory protection**

No special measures are necessary. In case of inadequate ventilation wear respiratory protection.

#### **Environmental exposure controls**

No special environmental measures are necessary.

## **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

	Physical state:	liquid	
	Colour:	white	
	Odour:	characteristic	
	Melting point/freezing point:		0°0
	Boiling point or initial boiling point and		(1013 mbar) approx. 100 °C
	boiling range:		
	Flammability:		not determined
			not applicable
	Lower explosion limits:		not determined
	Upper explosion limits:		not determined
	Flash point:		not applicable
	Auto-ignition temperature:		not determined
	Decomposition temperature:		not determined
	pH-Value (at 20 °C):		9-10
	Water solubility:		miscible.
	Solubility in other solvents		
	not determined		
	Partition coefficient n-octanol/water:		not determined
	Vapour pressure:		approx. 23 hPa
	(at 20 °C)		
	Density (at 20 °C):		> 1 kg/l: 1,1-1,2 g/cm <sup>3</sup> not determined
	Relative vapour density:		not determined
<u>9.</u>	2. Other information		
	Information with regard to physical haz	ard classes	
	Explosive properties		
	The product is not: Explosive		
	Oxidizing properties		
	The product is not: oxidising.		
	Other safety characteristics		
	Evaporation rate:		not determined
	Solid content:		not determined
	Sublimation point:		not determined

### according to Regulation (EC) No 1907/2006

Castorit-super C, mixing liquid				
Revision date: 23.01.2024	Product code: 106-702	Page 4 of 7		
Viscosity / dynamic: (at 20 °C)	20 mPa·s			
Further Information				

Solidification point: 0°C

### **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

The product is stable under storage at normal ambient temperatures.

#### 10.2. Chemical stability

storage stability

#### 10.3. Possibility of hazardous reactions

No risks worthy of mention.

## 10.4. Conditions to avoid

none

#### 10.5. Incompatible materials

Steel, Aluminium, copper

### 10.6. Hazardous decomposition products

none

## **Further information**

Thermal decomposition: No data available

### **SECTION 11: Toxicological information**

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Acute toxicity

Based on available data, the classification criteria are not met. Acute toxicity (oral): LD50: Rat > 15000 mg/kg

#### Irritation and corrosivity

Based on available data, the classification criteria are not met.

#### Sensitising effects

Based on available data, the classification criteria are not met.

#### Carcinogenic/mutagenic/toxic effects for reproduction

Based on available data, the classification criteria are not met. none

#### STOT-single exposure

Based on available data, the classification criteria are not met. Toxicological data are not available.

### STOT-repeated exposure

Based on available data, the classification criteria are not met.

#### Aspiration hazard

Based on available data, the classification criteria are not met.

#### Specific effects in experiment on an animal

Irritant effect on the skin: non-irritant. Rabbit Irritant effect on the eye: non-irritant. Rabbit

## 11.2. Information on other hazards

## Endocrine disrupting properties

This product does not contain a substance that has endocrine disrupting properties with respect to humans as no components meets the criteria.

according to Regulation (EC) No 1907/2006

## Castorit-super C, mixing liquid

Revision date: 23.01.2024

Product code: 106-702

Page 5 of 7

#### **Further information**

The mixture is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

#### **SECTION 12: Ecological information**

#### 12.1. Toxicity

The product is not: Ecotoxic.

## 12.2. Persistence and degradability

not applicable, Product/Substance is inorganic.

#### 12.3. Bioaccumulative potential

No indication of bioaccumulation potential.

#### 12.4. Mobility in soil

No information available.

#### 12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII. No indication of bioaccumulation potential. On the basis of existing data about the elimination/degradation and bioaccumulation potential longer term damage to the environment is unlikely.

#### 12.6. Endocrine disrupting properties

This product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms as no components meets the criteria.

## 12.7. Other adverse effects

No information available.

### **SECTION 13: Disposal considerations**

#### 13.1. Waste treatment methods

### **Disposal recommendations**

Dispose of waste according to applicable legislation. May be disposed of in household waste landfill.

## Contaminated packaging

Non-contaminated packages may be recycled.

#### **SECTION 14: Transport information**

#### Land transport (ADR/RID)

## **Further Information**

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.

(The data for the hazardous ingredients were taken respectively from the last version of the sub-contractor's safety data sheet.)
